The Never Too Late Basketball News & Notes

NTL Weekend Camp in Sheffield, MA, September 9-11

Eat, drink, sleep and play basketball non-stop (what else is there to do? Oh, I forgot, climb the mountain, see the waterfall) from Friday evening until Sunday afternoon. Warm-up, stretch, get in the drills, hear your name shouted with an encouraging word, sprint from skill station to skill station. Take the NTL One-Minute Shooting Challenge. Learn the offense, learn the defense. Work really hard. Play full court and do not argue calls. On the drive (or flight) home, think really hard and try to remember the last time you had this much fun. Read and re-read your evaluation one hundred times. What color frame will honor it and you?

Level One, Skills & Scrimmage

On offense - ball handling with your eyes up, either hand; layups, form shooting, shooting, pivoting and protection, back-to-the-basket play, screening, reading defense, defense on the ball, defense off the ball, spacing, working together on the floor. Balancing your body for control and team balance to spread out the defense. So much to look forward to! Master the fundamentals and learn to understand the ultimate team game!

Level Two, Skills & Scrimmage

On offense - ball handling moves to go by the defense, straight by the defense, ball handling to improve passing angles, either hand layups off of either hand dribbles, fundamentals of shooting, repeat shooting under game-like conditions, post moves and read-the-defense counter post moves, screening and shaping up off of screens, help defense, fast break situations, backdoor cuts, shot fakes and all the moves to make you and your team better

Call 1-888-NTL-HOOPs for more info! See you in September!!
